PROFILE SUMMARY

Informatics Engineering student at Politeknik Negeri Batam with a strong interest in full-stack web development. I have experience developing web-based applications through academic and collaborative projects using PHP, Laravel, MySQL, Next.js, and Express.js. I possess strong analytical, problem-solving, and teamwork skills gained through project-based learning and active involvement in campus organizations. Accustomed to working in a collaborative environment, quick to adapt to new technologies, and capable of managing multiple responsibilities under tight deadlines. Possesses a strong desire to learn and is enthusiastic about contributing to the development of digital solutions in a professional setting. Currently seeking an internship opportunity to gain industry experience and further develop technical skills.

EDUCATION

Politeknik Negeri Batam

Diploma III (D3) in informatics engineering

2024 – Present

GPA: 3.89/4.00

Activities :

- **Participated** in Project-Based Learning (PBL)- Semester 1, 2, 3, and 4

Relevant Coursework : Web Dev (Laravel, PHP, Python, Next.js, Express.js) | Database Systems (ERD, MySQL) |

Software Engineering (Waterfall, Agile, SDLC) | Statistics (Google Colab, Excel)

Semester 4 | Expected Graduation: 2027

State Senior High School 1 Jatiwangi

Science Major (IPA)

2021- 2024

GPA : 89/100

PROJECT EXPERIENCE

AI-based batik web platform

Feb 2026 - Present

Developer Full-Stack | Laravel, MySQL

- Developed a front-end interface for batik data analysis and management.
- Implemented back-end and transaction logic using Laravel.
- Designed a database structure and created an Entity Relationship Diagram (ERD).
- Integrated a third-party AI service for batik motif identification.

SINOVA – Sistem Informasi Riset dan Inovasi Daerah

Sep 2025 – Jan 2026

Developer Full-Stack | Next.js, Express.js, PostgreSQL

- Developed the frontend using Next.js and the backend using Express.js.
- Designed the database and ERD according to system requirements.
- Implemented data management features for regional research and innovation.
- Conducted system testing, debugging, and integration.

Venus Cars – Car Marketplace Web Application

Feb 2025 – Jul 2025

Developer Full-Stack | Laravel, MySQL

- Developed the frontend and backend of a car marketplace application using Laravel.
- Designed the database structure and created an ERD (Entity Relationship Diagram).
- Implemented vehicle management, transaction, and user authentication features.
- Developed business logic for the booking and payment process.
- Conducted system testing, debugging, and bug fixing to ensure application quality.

Sport!4U – Web Application E-Commerce

Sep 2024 – Jan 2025

Developer Full-Stack | PHP, MySQL

- Developed the frontend and backend of a native PHP-based e-commerce application.
- Designed a database and ERD to support product and transaction management.
- Implemented product catalog, shopping cart, and user management features.

- Conducted testing and debugging to ensure the application ran smoothly.

ORGANIZATIONAL EXPERIENCE

Chief Executive – RUDI (Dialogue Room)

October 2025

- Leading the implementation of a student-level debate competition involving various universities in Batam City.
- Coordinating the committee, participants, and judges to ensure the smooth running of the event.
- Organizing task allocations and ensuring the smooth running of all activities.
- Developing leadership, communication, and event management skills.

Student Executive Board (BEM)

Mar 2025 – Feb 2026

- Participate in the planning and implementation of various work programs and student activities.
- Collaborate with BEM members and administrators to support organizational activities.
- Serve as a moderator at seminars, discussions, and campus activities organized by BEM.
- Facilitate communication between speakers and participants to ensure the smooth running of events.
- Develop communication, public speaking, teamwork, and coordination skills.

BEM Young Staff Service

December 2024

- Manage equipment needs during community service activities.
- Coordinate with the committee and other divisions to support program implementation.
- Collect data and distribute activity equipment.
- Develop coordination and teamwork skills.

Inauguration of Batam State Polytechnic

August 2025

- Supervise and accompany new students during the inauguration ceremony.
- Ensure participants comply with the rules and directions given by the committee.
- Assist in maintaining order during the event.
- Coordinate with other committee members to ensure the smooth running of the event.

BEM Internship

October 2024 – November 2024

- Participate in organizational internship programs and participate in the implementation of Student Executive Board (BEM) work programs.
- Collaborate with administrators and interns in various student activities.
- Assist with the implementation of activities and events organized by the organization.
- Develop communication, coordination, and teamwork skills.
